UT60 SERIES

TRAPEZOID
HIDDEN
SLANTED

A conservative and unobtrusive series.

INTRODUCTION

UT60 SERIES is a brand new collection consisting of a set of full white melamine office furniture with metal leg uniquely shaped into a 45° slanted trapezoid.

Many people find the white tone to be energizing and stimulating, yet not overwhelming. It's also quite a practical choice because most furniture and desk accessories come in white due to its timeless elegance.

A contemporary colour trend is the use of monochromatic design in office furniture. Monochromatic designs create a clean, cohesive look that's elegant yet approachable, polished yet casual. This design trend is especially appropriate for small working spaces, where using too many colours at once will not only make the space look even cramped but also discordant. A calming monochromatic space can be an antidote to stress.
